

OBJECT ORIENTED WEB PROGRAMMING USING RUBY

Day 12: 30/June/2016

Towards the end, finish writing program,
then, prepare the Test

Programming Walk Through

[https://en.wikipedia.org/wiki/
Software_walkthrough](https://en.wikipedia.org/wiki/Software_walkthrough)

Okay? Now we are all expected to speak in English!

For your evaluation

Lastly, two more presentation required;

- 1) Programing walk-through final review,
- 2) Test specs reports;
test description and the results.

Links from TopView

Explanation required:

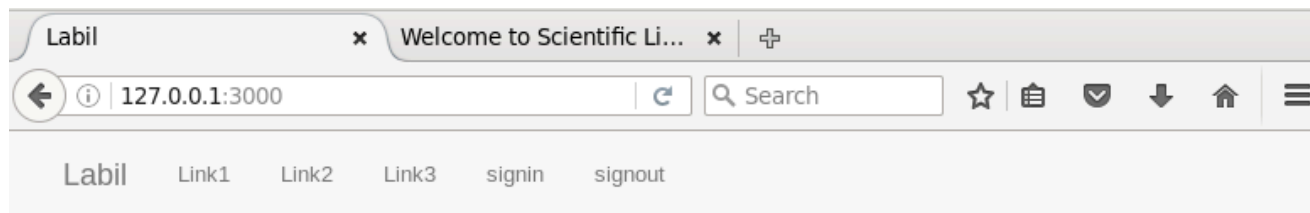

By doing what? To obtain what?

Then, toss the links to other project members;

which link works what? What is the plan?

```
<div class="navbar-collapse collapse navbar-responsive-collapse">
  <ul class="nav navbar-nav">
    <li><%= link_to "Link1", "/path1" %></li>
    <li><%= link_to "Link2", "/path2" %></li>
    <li><%= link_to "Link3", "/path3" %></li>
    <li><%= link_to "signin", signin_path %></li>
    <li><%= link_to "signout", signout_path, method: "delete" %></li>
    <% if signed_in? %>
    <li><%= current_member.name %></li>
    <% end %>
  </ul>
</div>
```

Layout Policy

Do we need to unify the “mouse-over” or other design policy?

If so or, if desirable, explain the policy.

Dummy Members for everyone

Can dummy member be ready?

Who?

Other Members --

Should update ToDo.md, and Done.md

On the command prompt, type
`firefox doc/Done.md`

If you finish writing program,

Then, generate and update test documents, and prepare for the presentation on your "test scripts," and the "test results."

Who can go forward to these presentation, should do it to complete this class, and if you cannot, then the minimus presentation should be on "done's", and "todo's."
